

IEA Bioenergy 2015 Conference

Session on "Biogas integration in sustainable energy systems"

Presentations

1. Sustainable Resource Management and Energy from Organic Wastes

Charles Banks, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

Ho Kang, Chungnam National University, Daejeon, Republic of Korea

Bernadette McCabe, National Centre for Engineering in Agriculture, University of Southern Queensland, Toowoomba, Queensland, Australia

2. A perspective on algal biogas

Jerry Murphy, University College Cork, Ireland

Bernhard Drosch, BOKU-University of Natural Resources and Life Science, Austria

3. Possibilities for biogas in electricity grid balancing

Jan Liebetrau, German Biomass Research Centre (DBFZ), Germany

4. Biomethane production and gas grid injection

4a. John Baldwin, CNG Services, UK

4b. Mathieu Dumont, Netherlands Enterprise Agency, Utrecht, The Netherlands

5. Overall Conference Conclusions
